

Cottage 309

\$29,900

This cottage has a large wrap around vinyl deck with patio furniture included. Awning on the home provides shade on those hot days. The living and dining room flooring is of northern planking in appearance with special interior design of the walls and curtain treatment. It needs furniture for the living room and dining room. This unit has a washer-dryer across from bathroom. You really need to see the home and take a tour to appreciate all that has gone into the Northern Michigan Design.
